TAKE THE LEAD WITH INTERACTIVE DECORATION MOTIFS.

RASTAL's decoration know-how guarantees target-group-oriented, creative and up-to-date highlighting for your brand.

For example: interactive shooting-distance motifs that demand "accurate shooting" from the drinkers. The aim is meet a particular marking with each swallow as closely as possible. Drinking fun that fans will love. We will be happy to discuss your own individual version with you.

GOAL!

With RASTAL,
fans become true friends of your brand!

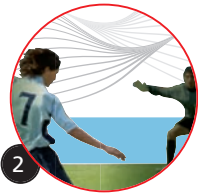

START THE OFFENSIVE WITH A RASTAL WORLD'S FIRST IN SOCCER YEAR 2010.

Printing like champions: with RASTAL's worldwide unique 7-colour fully automatic UV-printing machine. With RASTAL UV TEC and photorealistic motifs your brand's appearance in the arena will be perfect. Transparent varnishing can also be applied onto the decoration or parts of it. The extremely brilliant colour reproduction with faithful representation of all original colours is permanent – the printed glasses conform to the Regulation (EC) No. 1935/2004 as well as the US-FDA and Proposition 65.

KICKOFF – TO A NEW SALES SURGE.

Side-by-side with RASTAL Promotions, kick off to a record-breaking sales boost. Ideas and concepts that increase turnover and strengthen customer loyalty. From give-aways with crates to collectors' promotions, we have sure-to-score ideas for you!

FREE KICK – SUPERSTRONG BY RASTAL.

Break-resistant glasses for restaurants and bars with significantly improved resistance against impact stress, such as, for example, in stacking. If glasses hardened with the SUPERSTRONG process are accidentally broken, the risk of injuries occurring is reduced through "clean" breakage. We would be happy to inform you about further details and available types of glasses.
